We ARE

Aspire. Respect. Engage.

Mt Maria 

While our students graduate with an excellent education, they also leave the College with a broad range of life skills, strong friendships and positive values gained through the many experiences they encounter here. We expect the best of and for our students as we educate and nurture them to be knowledgeable, ethical, resilient and generous.

Our students learn, grow, laugh, persist, encourage each other and work hard to achieve their personal best - all within our supportive Mt Maria College family environment.
