Section 9: Care of your device

a. Damage or loss of equipment

I understand and agree to the following:

1. Laptop damage must be reported to the IT help desk as soon as possible. Damage must not be stockpiled as this complicates and slows down the repair process, meaning inconvenience to you.
2. The school will attempt to provide a loan laptop in the event the student's laptop is presented for repair if loan laptops are available unless it has physical damage.
3. If a laptop is presented with physical damage a loan will only be provided once the correctly completed Parent Paperwork form has been received back from the student's parent/carer.
4. Any problems, vandalism, damage, loss, or theft of the device must be reported immediately to the IT Helpdesk and an incident form completed.
5. Students may be required to replace lost or damaged chargers.
6. In the case of loss or accidental damage, an incident report will be sent via the Parent Paperwork system and must be signed by a parent or carer and sent back to the school. See Section 10 – IT Helpdesk Processes.
7. In the case of suspected theft, the family must make a police report, and a copy of the report provided to the school along with a witnessed statutory declaration signed by the parent or carer.
8. If a device is damaged and costs too much to repair or it is lost, the principal or their nominee may determine whether replacement is appropriate and whether the student retains access to a device for home use.
9. If a device is damaged and the damage is not covered by the manufacturer's warranty or any of the school's insurance arrangements, the principal or their nominee may determine that the student will pay the costs of repairing the damage or if necessary, the costs of replacing the device.
10. If another student has caused damage, that student may be liable for the cost of repair or replacement – this is to be mediated via the student's house coordinator.

c. Accidental Damage Protection

I acknowledge and understand the following information regarding the school laptop Accidental Damage insurance policy:

Note: Every ADP claim incurs an excess fee

All devices are provided with an accidental damage insurance plan (ADP) provided by Dell/AIG. Dell/AIG reserves the right to deny an ADP claim at their reasonable discretion.

Coverage for accidental damage is limited to one qualified incident per supported product per 12-month period commencing from the start date of the term of your Service Contract. In the event you do not submit a claim for a Qualified Incident within one 12-month period, the Qualified Incidents do not accumulate or carry over to any subsequent 12-month period. Accordingly, each Qualified Incident will be applied to the 12-month period during which it is reported, even if such incident is resolved during a subsequent period.

- Any claims additional to the single ADP claim allowance may incur further fees.
- ADP may be claimed when the damage is outside the standard warranty and meets the conditions of the ADP criteria.
- Accidental damage is defined as physical damage to a product caused by or resulting from a sudden and unforeseen incident, provided such damage occurs during regular use.
- It does not cover negligence, abuse, or malicious damage such as:
 - A lost or stolen laptop
 - The following situations and damage due to:
 - Exposure to weather or other environmental conditions
 - Inappropriate storage including:
 - Leaving the laptop on top of a school locker
 - Not locking the student locker
 - Using non-recommended or defective laptop bags or no bag at all
 - Leaving on public transport
 - Leaving the laptop unattended outside
 - Leaving the laptop behind in the classroom
- Damaged or defective LCD screens when the failure is caused by abuse, intent, or malicious action.
- Reckless, negligent actions such as slamming the lid shut, putting the laptop on the ground, throwing the laptop, carrying the laptop with the screen open.
- Damage caused by pets or siblings.
- Cosmetic damage such as:
 - Putting stickers on the laptop.
 - Writing on or colouring in any parts of their laptop.
 - Deliberately scratching any laptop surfaces.
 - Removal of keys.
 - Removal of any other parts of the laptop.

Mt Maria College Mitchelton Student Technology Agreement

Section 10: IT Helpdesk Processes

a. Accidental Damage

On receiving an accidentally damaged laptop at the IT helpdesk:

1. A ticket is created in our IT helpdesk system – no loan is given at this stage.
2. A Parent Paperwork slip “Laptop Incident” is sent to the parent/carer email address listed in the School Information System.
3. The parent/carer completes and returns the parent slip via return email and pays the insurance excess fee.
4. Once the completed slip is received and the school has received the insurance excess fee, the student receives a loan laptop. (The faster we receive the completed paperwork and the fee the sooner the student can have a loan)
5. The ADP insurance claim is sent to Dell and the laptop is repaired. (Note that the time for this may vary depending on availability of parts)
6. Once repaired the laptop is returned to the student and the loan laptop returned in the condition it was given out.
7. The ticket is updated and closed.

b. Warranty Repair

On receiving a laptop for a warranty repair at the IT helpdesk:

1. Damaged/Faulty laptop received from student and a ticket is created in our IT helpdesk system.
2. A loan laptop is supplied.
3. A warranty claim is sent to Dell.
4. Dell organizes the parts and a technician (Note that the time for this may vary depending on the availability of parts)
5. Once the laptop is repaired, the laptop is returned to the student and the loan laptop returned in the condition it was given out.
6. Ticket is updated and closed.

c. Loan laptop provisioning.

The IT helpdesk reserves full discretion when choosing whether a loan laptop will be supplied. Some schools charge for the use of a loan laptop. Currently we do not.

1. Loan laptops may be provided in the following scenarios:
 - An ADP repair is being undertaken (if damage claim excess has been paid and the paperwork returned correctly)
 - A warranty repair is being undertaken.
 - The laptop battery is flat, but a laptop is needed for assessment.
2. Loan laptops are not provided (unless it is an assessment requirement - ratified by the assessment teacher for a specified lesson on a specified date):
 - If a student has not taken reasonable steps to ensure their laptop is charged and it has gone flat.
 - A student has forgotten to bring their laptop to school.
 - A student has misplaced their laptop or claims it has been stolen (a loan will be provided after 48 hours have elapsed)
 - If a student has been repeatedly negligent with laptops.
